

## FINE FOOD & HOTEL AUSTRALIA BAKERY PRODUCTS

### Ace Filters Australasia

Stands No. E 49

Introducing their new range of trolley covers made of easy-to-clean, washable, non-rip polyester fabric. They are insulated for hot and cold conditions and perfect for food preparation areas and for bakers to leave products overnight in refrigerated conditions. They are made to suit any food trolley and can be made into curtains to close off areas.

### Bakehouse

Stands No.HP33

Bakehouse is one of the key drivers of the "morning goods" category in Europe and in response to consumer demand for quality bakery products as part of the coffee culture revolution in Australia is launching its range of Bake-off (freezer to oven) products to the Australian market. The Bakehouse range includes Danish Pastries, Continental Patisserie and Continental Savouries that can be baked off in a matter of minutes, and their 45g mini versions of best selling All-Butter, Chocolate and Almond Croissants.

### Bakers Maison

Stands No.HK44

To celebrate its 10 year anniversary Bakers Maison will be giving away more than \$5,900 worth of stainless steel Jamie Oliver kitchen tools. 100 prizes will be given away each day. Winners simply have to correctly answer three Bakers Maison questions.

### Balkan Bakery

Stands No.HK40

Grandma's Little Bakery is showing Borekas pastries made from a recipe handed down from Haya's Bakery in Jerusalem. Borekas pies and pastries are a special blend of Mediterranean, Balkan and Middle-Eastern influences and suitable for all occasions – sweet with coffee, savoury with a cold drink as finger food or a substantial meal.
